PROFESSIONAL SUMMARY

Highly driven Software Developer with strong academic grounding in computer science, full-stack development, and algorithmic problem-solving. Experienced in building modern, responsive applications using React, JavaScript, Python, SQL, and backend tools like Node.js and Express. Skilled at debugging, system design, and writing clean, maintainable code. Passionate about building scalable software, improving user experience, and delivering real-world solutions.

TECHNICAL SKILLS

- Programming: JavaScript, Python, Java, SQL, C++
- Frontend: React, TailwindCSS, HTML5, CSS3
- Backend: Node.js, Express.js, REST APIs, Prisma ORM
- Database: MySQL, PostgreSQL, SQLite, MongoDB
- Tools: Git, GitHub, Vite, VS Code, Postman, Docker (basic)
- Core CS Skills: Data Structures, Algorithms, OOP, Networking, System Design

EDUCATION

BSc Information Technology – North-West University

Completed: 2025

Key Modules: Data Structures & Algorithms, Operating Systems, Database Systems, Networks, Software Engineering, Web Development.

EXPERIENCE

Student Assistant – Data Structures & Algorithms

North-West University | 2024 – 2025

- Assisted students with debugging, algorithms, and programming concepts.
- Worked closely with lecturers to improve support material and learning.

- Strengthened analytical and problem-solving abilities through hands-on guidance.
- Helped first-year and second-year students write clean, efficient code.

PROJECTS

Personal Portfolio Website (React, TailwindCSS, Vite)

A modern, responsive portfolio website showcasing projects and skills.

Document Signing API (Node.js, Express, Prisma)

Developed a scalable backend service with user auth and full Swagger documentation.

Task Manager App (React + REST API)

A full-stack CRUD application with filtering, authentication, and persistent storage.

CERTIFICATIONS

- AWS Cloud Practitioner (In Progress)
- Google IT Support Certification
- JavaScript Algorithms – FreeCodeCamp

STRENGTHS

- Analytical problem-solver
- Strong debugging ability
- Clean UI/UX development
- Fast learner and adaptable
- Excellent communication
